

Custom Animated Spinners in React Native

LOADING SPINNERS DON'T HAVE TO BE
BORING!

Why Custom Loading Spinners?

Custom spinners not only keep your users engaged but also add a touch of uniqueness to your app. Today, let's dive into creating a simple yet captivating animated spinner using React Native.

Abdul Ahad

[@the-abdul-ahad](#)

Install Lottie for React Native:

Use npm or yarn to install

```
npm install lottie-react-native
```

or

```
yarn add lottie-react-native
```

Abdul Ahad

Import Required Components:

```
import React from 'react';  
import { View } from 'react-native';  
import LottieView from 'lottie-react-native';
```

Abdul Ahad

Download an Animation JSON:

Head over to [LottieFiles](#) and find an animation that suits your app.

Download the JSON file for the chosen animation.

Use LottieView in Your Component:

```
const CustomSpinner = () => {  
  return (  
    <View>  
      <LottieView  
        source={require('path-to-your-animation.json')}  
        autoPlay  
        loop  
      />  
    </View>  
  );  
};
```

Use LottieView in Your Component:

```
const CustomSpinner = () => {  
  return (  
    <View>  
      <LottieView  
        source={require('path-to-your-animation.json')}  
        autoPlay  
        loop  
      />  
    </View>  
  );  
};
```

LottieView Props and Descriptions:

Property	Description
source	The animation file source (required)
autoPlay	Whether the animation should start automatically (default is false)
loop	Whether the animation should loop (default is true)
speed	Adjust the animation speed. Use a value greater than 1 to speed up or less than 1 to slow down
resizeMode	Defines how the animation should be resized if it doesn't match the aspect ratio. Options include "cover", "contain", and "center"
style	Custom styles for the LottieView component

Implement in Your Loading Screen:

```
import CustomSpinner from './CustomSpinner';

const LoadingScreen = () => {
  return (
    <View>
      <Text>Loading...</Text>
      <CustomSpinner />
    </View>
  );
};
```
